

LED CONVERSION HEADS FOR THE "E" SERIES SUREFIRE LIGHTS

ITEM NUMBER: **LED-CONVER**

**LED Conversion Heads**

**Retail: \$79.99**

**Your Price: \$74.99**

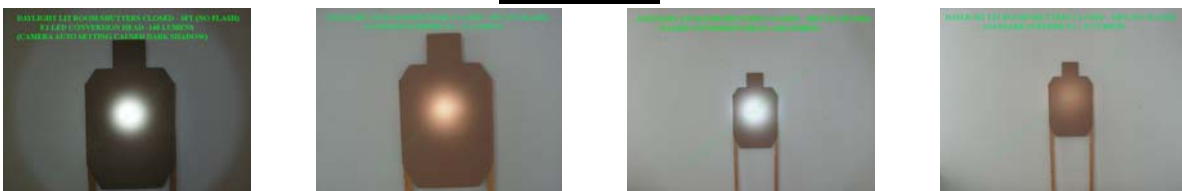

These new LED conversion heads upgrade the Surefire E1 and E2 line of flashlights into a MUCH higher-output, longer-running LED flashlight. This awesome aftermarket accessory provides a nice smooth beam with plenty of reach and lots of useable side spill. (Important for practical use especially for those in the LE field). The maximum output is a staggering 140 lumens (E1) and 220 lumens (E2), for an average of 2+ hour run times. We are EXTREMELY impressed with the performance of these new heads!

Standard colors and bezels are as follows.

- E1 Natural with Standard Bezel                      Item Number: **LED-CONVER-E1**
- E2 Natural with Standard Bezel                      Item Number: **LED-CONVER-E2**
- E2D Black with Impact Bezel                        Item Number: **LED-CONVER-E2D**

Your Choice **\$74.99** plus shipping. Payments accepted include, PP, CC and of course cash, MO's and Cashiers Checks.
