“Da Torch” Dedicated Long Range IR Illuminator – Variable Beam

Retail \$209.00

Savings \$10.00

Your Price \$199.00

After the tremendous success with the original "Torch", the new variable torch is becoming my #1 top seller with the original torch. After listening to many of you who wanted a focusable beam for wide FOV CQB, medium/long range, silent switch, and a pressure switch, the exhaustive design and testing have paid off, and we're VERY pleased with the results! The new IR LED beam is variable via an adjustable bezel from 2-8 deg. TRUE effective range at 2deg is at 500m+. The unit comes standard with the following

- Silent Switch
- New Adjustable Mount for Picatinny Rails
- Adjustable Bezel
- 1-year warranty.

An optional pressure switch is available under my NV accessories for **\$49.00** and a new variable 5 position silent power switch is **\$59.00**.

You can see my in-depth IR illuminator Shoot-Out under my review page here to see a great comparison of the top IR illuminators on the market.

The unit's price is **\$199.00** plus shipping and insurance. Payment's accepted include Paypal (plus fee's) CC, MO, and personnel checks (must clear first). Worldwide shipping allowed.
